NEW COLLECTIONS

2023

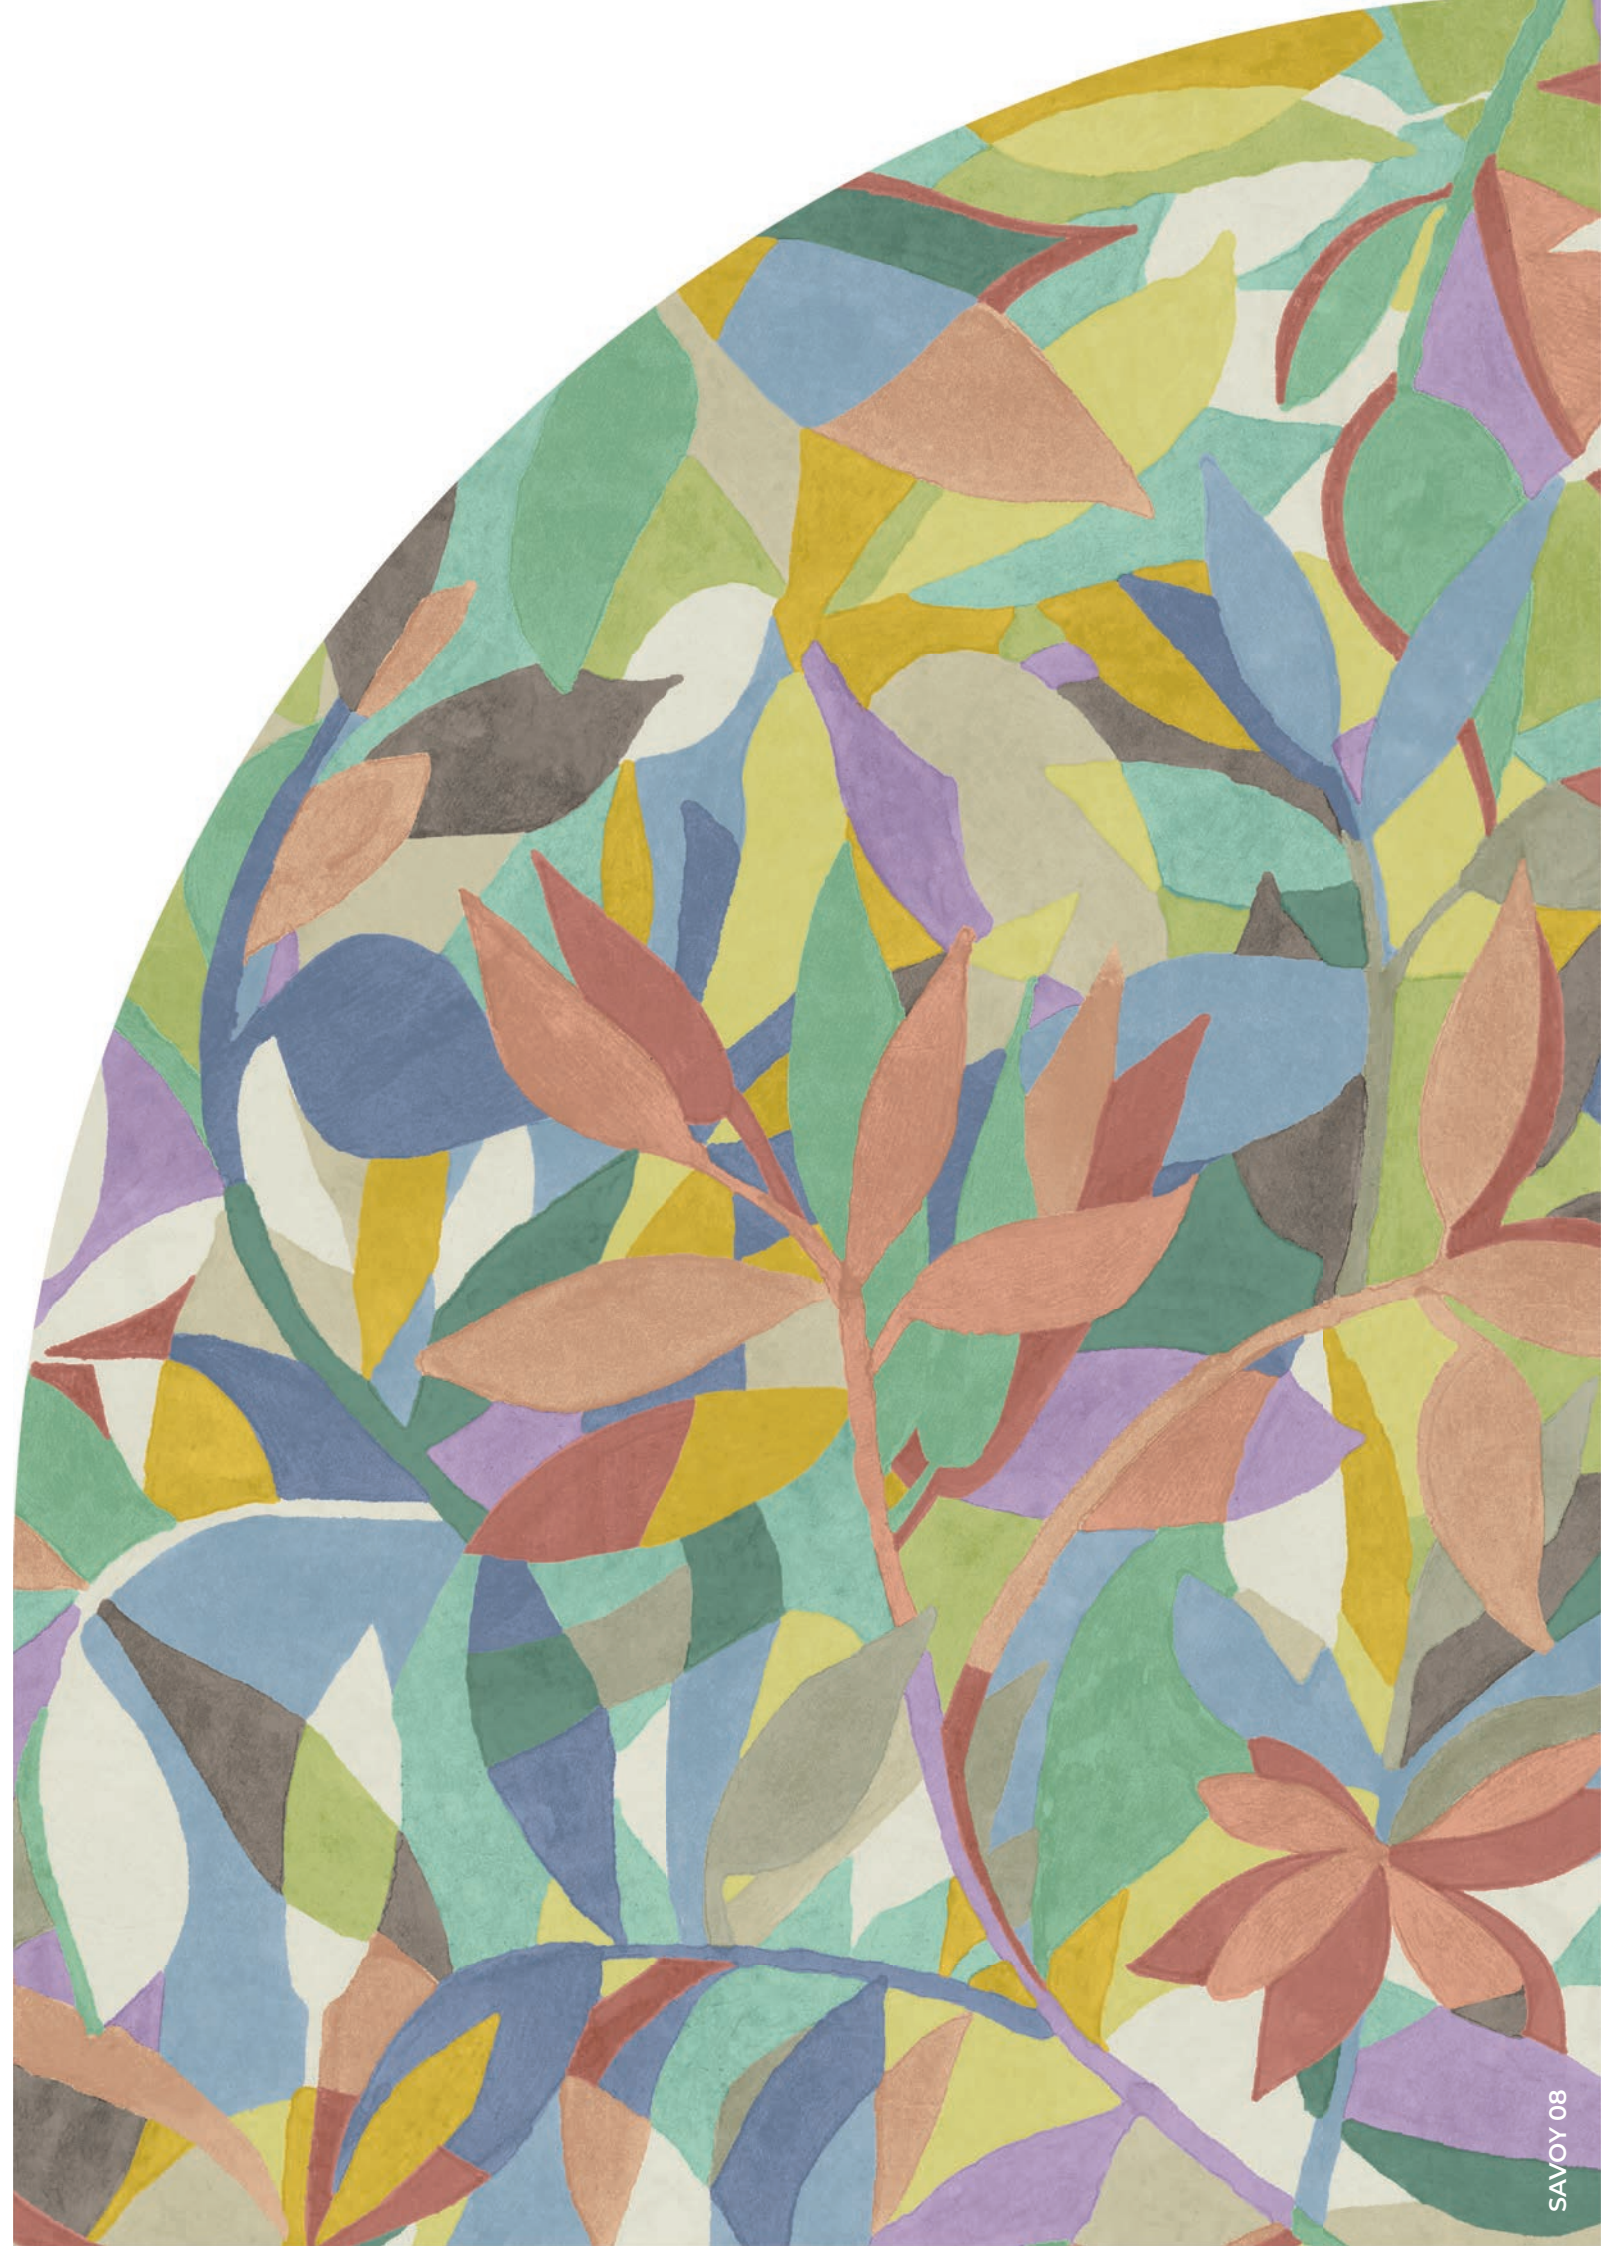

MIAMI VIBES

The new Pepe Peñalver's collection finds its inspiration in Miami's Art déco district, created in 1930, which compiles some of the most emblematic and characteristic buildings of this movement.

The vibrant colours of nature, interpreted in pastel tones, have given rise to curious peculiarities in its architectural style, turning

vertical pillars, horizontal lines and rounded cornices into attractive plays of white and colour.

Ocean Drive is submerged in the homonymous street to create a polyvalent collection that offers totally complementary creations, both in terms of colour and design, with which to provide character and style to any ambience.

CAVALIER

Cheerful and vibrant, **Cavalier** achieves through its colour block to recreate the combination of sizes and shapes of Miami's Art déco architecture.

Its satin base on a white background brings softness and harmony to this technicolour linear print.

Suitable for both upholstery and decoration, this special fabric enhances the creation of unique and distinctive pieces.

Thanks to its innovative design and bright colour palette, **Cavalier** becomes the ideal element to create a playful and bold space.

An imposing and colourful floral print mural encircles the swimming pool of the **Savoy** Hotel in Miami. The tropical atmosphere is thus brought into the façades and pavements, exuberantly introducing the surrounding vegetation.

Savoy

Our fabric **Savoy** captivates us with a rich pattern of overlapping leaves in assorted tones. Printed on a 100% linen base in double width, it is specially conceived for curtains and decoration.

Pelican

Pelican is a rich and soft jacquard whose large geometric motif is rhythmically outlined creating volume on a recycled cotton base.

Inspired by the ornamental architectural elements of Art dèco, this exclusive fabric is intended for upholstery and decoration use.

Its avant-garde feel and sophisticated look make Pelican remarkably versatile, providing character and distinction to any interior.

An apparent taffeta smooth texture hides a structured jacquard that, contrasting the fabric's primary tone over a barely noticeable black base, contributes to creating depth and relief.

MARLIN

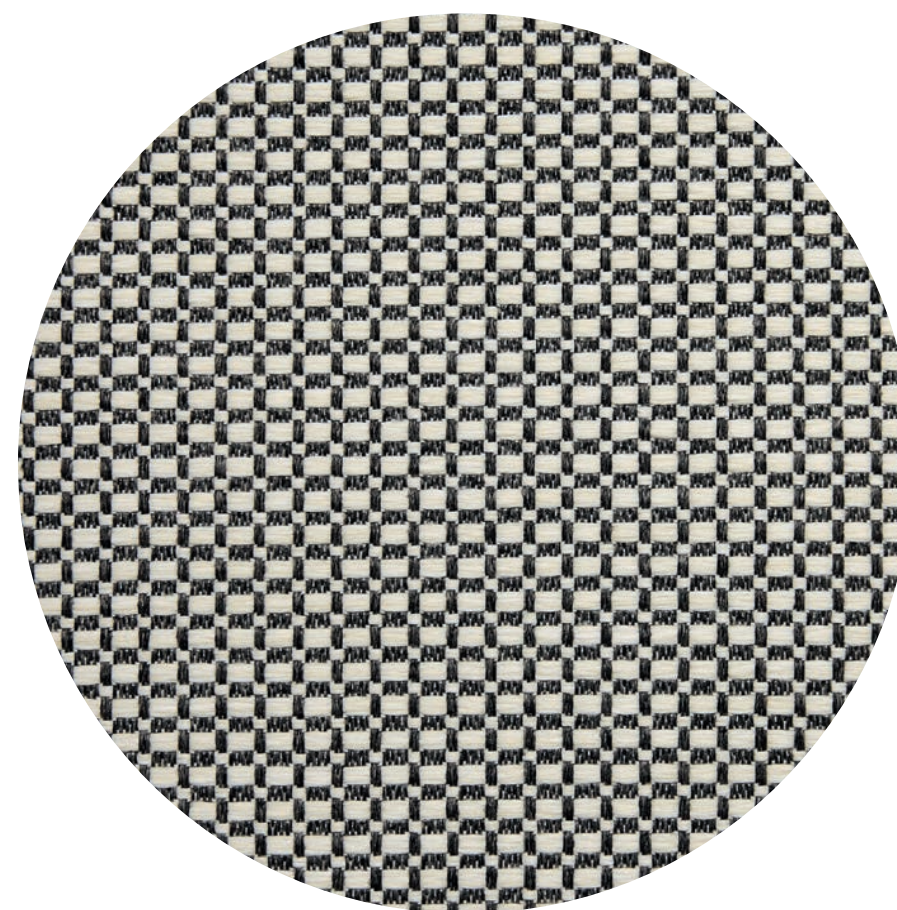

Marlin features a water repellent finish that, along with its 15 colours ranging from neutral to bolder shades, provides a unique versatility and the ability to suit any piece and environment.

Inspired by one of the most renowned hotels of the Art déco architectural movement from Miami, **Avalon** features the ideal balance between design, nature and modernity.

This geometric patterned jacquard reflects the essence and gridded structure of the building, where an inventive play of interwoven two-tone yarns creates contrast without stridency.

Avalon

Due to its technical characteristics, **Avalon** is suitable for both indoor and outdoor spaces and is particularly indicated for its use in contract projects.

ECO & BEAUTY

The Nordic countries, their landscape and geography provide the inspiration for **Baltic**, Pepe Peñalver's new proposal where the continued seek for natural light and the use of sustainable materials play a leading part.

Lakes, waterfalls and rivers surrounded by mountains and lush forests outline unspoilt nature, reflected through this collection with organic lines replete with linen and recycled fabrics in a broad chromatic range.

Baltic comprises light, beauty and durability, a functional whole aligned with today's trends in decoration where the designs cleverly play with a balanced duality: natural and modern, classic and contemporary.

Placed in the city of Kalajoki, the **Kala** River is the perfect example to reflect the course of nature and its luminous surroundings.

From its name and the eternal running of its waters comes the inspiration for this double-width linen jacquard with a vibrant striped motif.

Its vertically shaped design plays with dimension and space, creating the perception of greater amplitude and height in the rooms.

Kala is a highly decorative element that radiates balance and vitality. This sheer provides a comfortable feeling of warmth and well-being through its natural colour palette: pollen yellow, cerulean, sand beige, pastel blue and white.

Bed cover KALA 06 · Cushions KALA 07, MARLIN 12 · Pillowcases WISE 06 · Sheer NERIS 06

Inspired by one of Europe's major rivers, **Elba** aims, through its intricate embroidery in organic lines, to recreate the purity and shapes of nature. This rustic-looking curtain exudes both personality and character. Its original

abstract design and double width make it the ideal element to bring style and warmth to any interior. Its range of washed colours connects with the environment through the linen, off-white, Baltic blue and stone grey tones.

Elba

LIVO

Drawing inspiration from the shapes of nature's shadows and intricacy, **Livo** is a versatile 100% linen sheer with a delicate geometric jacquard design.

Livo breathes lightness and radiance, playing with light by subtly filtering it through its fine weft and volatile drape.

Neris creates the perfect atmosphere in any interior, delicately filtering light for warmth and visual comfort.

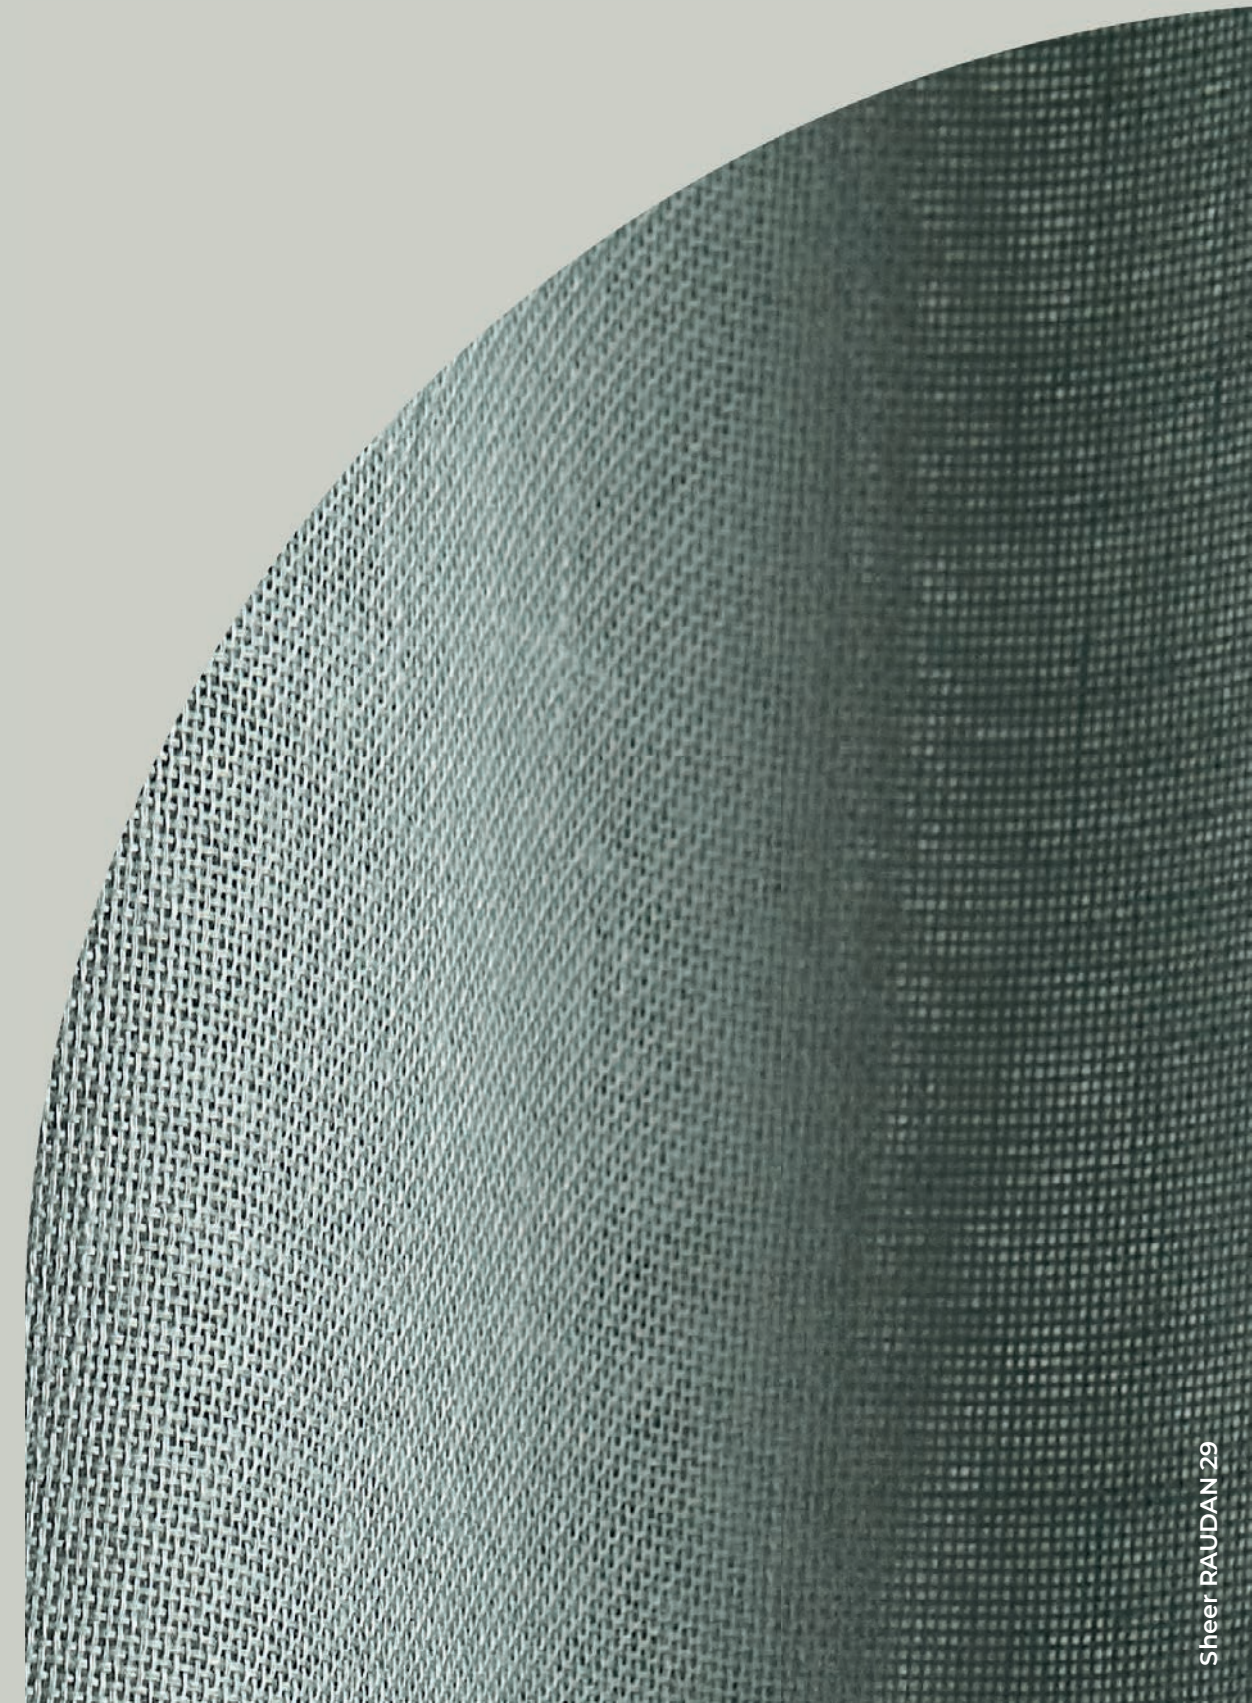

With its soft handle and natural look, this recycled sheer exalts brightness without stridency due to its subtle weave.

Neris

RAUDAN

Functional and versatile, this recycled sheer stands out for its airy drape and discreet texture. The **Raudan** colour palette evokes Finland and its long rivers through its 14 colours inspired by nature.
